Goal 1: Reduce Collington's Energy Use

- 1.1 Calculate Collington's Carbon Footprint (Active)
- 1.2 Conduct a Comprehensive Energy Audit (Active)
- 1.3 Reduce Peak Day Energy Use (Active)
- 1.4 Implement Energy Retrofits at Unit Turnover (Active)
- 1.5 Reduce Water Use at Collington (Future)
- 1.6 Make Collington's Menu More Carbon-Friendly (Future)
- 1.7 Reduce Energy Consumption of Outdoor Lighting (Future)
- 1.8 Increase Procurement of Green Building Products (Future)
- 1.9 Develop LED Bulb Exchange Program
- 1.10 Develop a Program to Provide Feedback to Residents to Increase Awareness, and Reduce Use of Electricity and Natural Gas (Future)

Goal 2: Increase Collington's Use of Green Energy

- 2.1 Generate Solar Energy at Collington (Active)
- 2.2 Transition Collington to Electric Vehicles (Future)
- 2.3 Continue to explore conversion of Landscaping Equipment to All-Electric (F)
- 2.4 Develop a Plan to Transition Collington from Natural Gas to Electricity (Future)

Goal 3: Protect and Enhance Collington's Site Ecology

- 3.1 Minimize Use of Insecticides and Herbicides (Active)
- 3.2 Develop And Adopt a Sitewide Landscape Zoning Plan (Active)
- 3.3 Install Rain Gardens (Active)

- 3.4 Improve Stormwater Management (Active)
- 3.5 Manage the Deer Herd (Active)
- 3.6 Improve Forest Health (Active)
- 3.7 Research Installation of a Deer Enclosure in Collington's Woodlands (Future)

Goal 4: Reduce Collington's Waste Generation

- 4.1 [OVER-ALL] Quantify the Amount of Waste Generated at Collington, and the Amount Recycled (Future)
- 4.2 [REDUCE] Continue to Reduce Kitchen Food Waste (Active)
- 4.3 [REDUCE] Reduce Paper Use on Campus (Future)
- 4.4 [REDUCE] Reduce Single-Use Plastics on Campus (Future)
- 4.5 [REUSE] Retain and Reuse Plant and Wood Trimmings on Campus (Active)
- 4.6 [REUSE] Increase the Reuse of Building Materials (Future)
- 4.7 [RECYCLE] Increase Resident Recycling by Residents (Active)
- 4.8 [RECYCLE] Increase Composting by Residents (Active)
- 4.9 [RECYCLE] Increase Recycling by Team Members (Future)
- 4.10 [RECYCLE] Promote 'Zero Aluminum Cans to the Landfill' (Future)
- 4.11 [RECYCLE] Implement Composting of Kitchen Waste (Future)
- 4.12 [RECYCLE] Reduce the Amount of Electronic Equipment in Collington's Waste Stream (Future)

Goal 5: Educate, Inspire, and Involve Collington Residents and Team Members

- 5.1 Develop and Execute a Rollout Plan for Sustainability Plan 2.0 (Active)
- 5.2 Integrate Sustainability into Orientation Presentations for New Residents, Team Members, Aides, Contractors and Tenants at Collington (Active)
