
SEPTEMBER 2025

SSAFE General Meeting

THURSDAY, SEPTEMBER 4TH

11 AM ET / 8 AM PT

Senior Stewards
Acting For the Environment

**DITCH THAT FALL CLEAN UP!
YOUR LANDSCAPE IS AN ECOLOGICAL SYSTEM**

**CLAUDIA
THOMPSON**

Claudia Thompson, founder of **Grow Native Massachusetts**, a nationally recognized leader in the native plant movement, and fellow SSAFE member, will share why traditional fall garden clean-ups are harmful to ecosystems and biodiversity. Drawing on her decades of work as a landscape ecologist, she will discuss new landscape strategies for creating healthier soil; for supporting pollinators, birds, and wildlife; and for transforming our gardens into healthy living systems.
